Minsmere Levels Stakeholders Group (MLSG)

MLSG, TEAGS and B1122 Group Launch Stage 3 Campaign Video

Friday 17th November saw the launch of TEAGS Sizewell C&D Stage 3 campaign at The Wentworth Hotel in Aldeburgh alongside interviews by ITV Anglia news and BBC Radio Suffolk.

The video mixes drone footage of Minsmere Levels (home to RSPB Minsmere) and Sizewell Marsh with footage of the construction site at Hinkley Point. The aim of the video which has been loaded onto TEAGS Facebook page, YouTube Channel and its website is to expand the awareness of the potential impacts associated with this development.

We encourage you to visit the pages and share it with as many of your friends and contact that you can as this will help to broaden our awareness campaign prior to the Stage 3 Consultation which starts in January 2019.

This will be the last public consultation for the Sizewell C&D project and we encourage all our friends and interested parties to make sure they read and respond to the consultation when it is published. Further information and analysis will be made available through our website, Facebook page and mailings at that time.

The video's and interviews can be found at the links given below although it is likely the ITV Anglian report will only be available for a week or so.
